

West Bend firm moving to Richfield

By **DAVE RANK**
Times Press Staff

The maker of custom cabinetry and furnishings for homes and businesses will move from its West Bend location to larger quarters in Richfield this fall.

Quest Engineering Inc. will move from West Bend's South Industrial Park to a leased, 17,700-square-foot free-standing building in Helsan Business Park north of Cabela's.

Quest works out of a

9,200-square-foot unit at 2800 E. Progress Drive in West Bend.

The five-year lease begins Nov. 1, said Dean Gunderson, president of Helsan Development Co. LLC, Germantown.

Quest was founded in 2000. It manufactures and installs commercial and residential cabinetry; counter tops and surfaces; millwork, closet and home organizational products; and office furniture for the commercial and residential construction markets.

Chris Lefeber is company president. The company has nine employees.

When Quest moves into its new office, production and warehouse space, Gunderson said, Helsan's six buildings in the business park will all be leased out except for one retail unit.

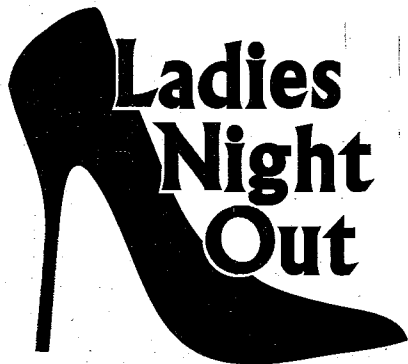

The buildings have a combined 115,000 square feet.

Quest will be leasing a business park building vacant since July when ASC Pumping Equipment

Inc. moved its regional operation to 145 W. Progress Drive in West Bend which it purchased,

said Jennifer Miller, vice president of Helsan. For more information about Quest Engineering,

go to the website www.questcabinets.com. Helsan's website is www.helsanwi.com.

*APR is Annual Percentage Rate. Rate is effective as of 9-6-12, and is subject to change without notice.

Rate is a 7-year balloon that can be amortized up to 30 years.

Minimum loan amount is \$10,000. Minimum appraisal cost of \$200. 80% total Loan-to-Value or less. 1-2 family owner-occupied residences only. Excludes HSB refinances. Interest accrues from date of loan.

Subject to credit approval. Normal lending policies apply. Offer valid through 10-31-12.

Calculations assume \$50,000.00 loan amount amortized over 30 years.

Payment Example: For the In-House 7-Yr Balloon @ 3.595%,

83 monthly payments of \$227.26 (\$4.55 per \$1,000 borrowed)

with a balloon payment of \$42,847.06. The rates on Balloon Products may change after
